

The image block contains three distinct visual elements:

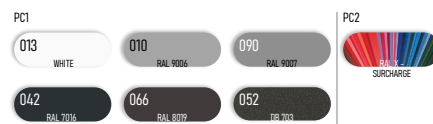

- Left Image:** An exterior view of a window with dark horizontal blinds installed in a stone wall. A small table with a glass top and a wicker chair are in the foreground, and a bowl of fruit sits on the table. A vine with green leaves hangs down the wall to the right of the window.
- Middle Image:** A detailed cross-section diagram of the window assembly. It shows the internal components, including the frame, the blind mechanism, and the insulation layers. The diagram is set against a background of a stone wall and a white surface.
- Right Image:** An interior view of the same window, showing the dark horizontal blinds and the white frame. The window is set into a blue wall.
